Distance 5,8 km

Difficulty Medium

Drop 127 m

Estimated time 1 hour and 45 min

Useful information
Journey: Round-trip and linear
Distance: 5,8 km
Cota máxima: 157 m **Cota mínima:** 20 m
Drop: 127 m
Estimated time: 1 hour and 45 minutes
Difficulty: Low
Coordinates initial/final: 36° 8' 42,3622"N - 5° 29' 55,1371"O
License: Free access route

Description
 Spending the first front-door grating, we will observe the panorama of the mountains that surround us, together with the exploitation of autochthonous of the zone. Once crossed several front-door grating we come to a very closed curve and rightly in the center the visible well entry is observed, that us allows us to enter for a sinuous path to the noisy one to pass of his waters that end in a great well known like "La Garganta del Capitán". Legend says that in the surrounding area keep a treasure.

How to get
 To realize this beautiful itinerary, we acced to the old road 2312 Los Barrios-Algeciras and approximately to 3 km we will take the road 2311 (Distric El Cobre), up to coming to the detour place in the right margin, to approximately 400 metres. Abit before coming to the jail of Botafuegos. This forest track leads us to the viewing-points of Hoyo Don Pedro, being of municipal property.

Good Practices

- Deposit the garbage in containers.
- Walk along the marked paths.
- Respect the goods and private properties.
- The capture of animals is not allowed.
- It is not allowed ignite fire.
- The fishing is not allowed.
- The compilation of plants is not allowed.

La Teja **06**

Distance 4,5 km

Difficulty Medium

Drop 100 m

Estimated time 2 hours

Useful information
Journey: Round-trip and linear
Distance: 4,5 km
Highest point: 266 m **Lowest point:** 176 m
Drop: 100 m
Estimated time: 2 hours
Difficulty: Medium
Coordinates initial/final: (x)268.149.47 (y)4.018.786.31
License: Free access route.

- Respect the goods and private properties.
- The capture of animals is not allowed.
- It is not allowed ignite fire.
- The fishing is not allowed.
- The compilation of plants is not allowed.

Santuario de Bacinete **07**

Distance 3 km

Difficulty Low

Drop 142 m

Estimated time 1 hour and 15 min

Useful information
Journey: Linear
Distance: 3 Km
Highest point: 190 m **Lowest point:** 113 m
Drop: 142 m
Estimated time: 1 hour and 15 minutes
Difficulty: Low
Coordinates initial/final: 36° 11' 53"N 5° 33' 25"O
License: Necessary. To request the owner of the country place Dehesa La Granja. Monthly access organized by the delegation of tourism of the town hall of Los Barrios.

Description
 The beginning of the itinerary on the road that it joins Los Barrios with Facinas, to approximately 3,5 km from his beginning, in a front-door grating placed to our right provided with crossing jump. When we leave the road and penetrate in the path, you enter into a clayey zone formed by erosions of the first spurs of " Sierra del Niño", with base materials of " Areniscas del Aljibe". In these areas, almost without vegetation, few woody species are capable of growing. Between them, probably the wild olive tree (Olea Europa oleaster) it is the most characteristic. Morphologically it is very similar to the cultivated variety and his fruit wild olive, it is very important for the birds fundamentally in period of migration.

How to get
 Take the exit 77 of the A-381 (Jerez-Los Barrios) direction to the Valle de Ojén for the old road Los Barrios-Facinas (A-7200) which is in state of disrepair. To approximately 4 km begins the path for a way to the right wich it is closed by a front-door grating that has a crossing jump.

Good Practices

- Deposit the garbage in containers.
- Walk along the marked paths.
- Respect the goods and private properties.
- The capture of animals is not allowed.
- It is not allowed ignite fire.
